

professional in my district. Recently, Dr. Stuart Weinstein, the Ignacio V. Ponseti chair and professor of orthopaedic surgery and professor of pediatrics at the University of Iowa, was awarded the Lifetime Achievement Award from the Scoliosis Research Society for his incredible work studying pediatric spinal deformity.

Since joining the Department of Orthopaedic Surgery at the University of Iowa in 1976, Stu has worked to make our community and the whole world a better place.

Stu has published over 250 scientific articles in some of the most well-known and prestigious peer-reviewed journals. His research has focused on spinal deformity in children and the natural history and long-term outcome of pediatric musculoskeletal disorders.

Listing and discussing all of Stu's accomplishments would take much longer than one minute, so I will close by saying how grateful I am to have people like Stu living in Iowa's Second District. I also tell anyone I meet that Iowa is the best place to live, work, and raise a family. With outstanding citizens like Stu, we will continue to hold that title.

Mr. Speaker, I would also like to extend my enthusiasm with a happy birthday to our colleague from California, the Honorable YOUNG KIM. Happy birthday to YOUNG.

REMEMBERING KENNETH BAKER

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to honor the life of Lee Center Fire Chief Kenny Baker, who passed away recently after a long-fought battle due to complications of a brain tumor.

Ken was known by all as a noble, caring, and loving man. He joined the Lee Center Volunteer Fire Department at the age of 30 and served for 48 years straight. For 28 of those years, Ken was the chief, the longest tenure in the department's history.

Ken also served in the U.S. Navy and was the former president of the Oneida County Fire Chiefs Association.

But most importantly, Ken was known for his tremendous family and his love for his family, particularly his wife, Patti, who was his guiding light. His son, Joseph Baker, succeeded him as the fire chief, and Ken's granddaughter, Ashley, and grandson, Tyler, followed their grandfather into the fire service with the Lee Center Fire Department.

I considered Ken a great friend. He was a courageous, principled, and tenacious man. He was a hometown hero and a role model for many, including me. And, boy, was he fun.

Ken, I just want to say thank you to you for your friendship and your pro-

found legacy of service to our community. May you rest in peace.

God bless his family.

\$5 TRILLION SPENDING-PALOOZA

(Mr. MOOLENAAR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MOOLENAAR. Mr. Speaker, I rise today to oppose the nearly \$5 trillion spending package the Democrats have tied together.

This package would massively expand the role of the Federal Government into the lives of every American, and it would significantly raise taxes on people and businesses in Michigan.

There is no doubt we need to invest in roads, bridges, runways, harbors, and rural broadband, but tax increases in this package will make America less competitive.

We need a tax structure that attracts businesses so that there are more jobs in America, more products are made here, and our supply chains are more secure.

This \$5 trillion spending package will do just the opposite. It will raise taxes, make our country less competitive, and increase the overall cost of living and doing business in America.

These costs will be passed on to all of us, increasing inflation and hurting families and seniors across the country. I urge my colleagues to vote "no."

JOHN FARR'S 898-MILE FUNDRAISER

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize John Farr of DuBois, Pennsylvania.

John recently completed a 16-day, 898-mile bike ride to raise awareness and support for Habitat for Humanity of Clearfield County.

On October 4, he arrived in Washington, D.C., for a much-needed rest day before completing the final leg of his journey to Clearfield.

John started his cycling fundraising in 2001 when he signed up for a 2-day, 150-mile fundraiser sponsored by Habitat for Humanity New York. Since then, he has completed 20 excursions.

John has always been involved in his community, from tutoring students when he was in college to coaching sports. He enjoys giving back.

He joined Habitat for Humanity in 1994, originally donating monthly, to eventually joining the board and serving as president.

His cycling fundraisers have taken him across the United States and even across the Canadian border. His rides have led him to raise more than \$150,000 for Habitat for Humanity.

Mr. Speaker, John's passion for helping others is admirable. Congratulations on completing this journey.

COMMUNICATION FROM THE CLERK OF THE HOUSE

The SPEAKER pro tempore laid before the House the following communication from the Clerk of the House of Representatives:

OFFICE OF THE CLERK,

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Ms. MANNING) at 4 p.m.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which the yeas and nays are ordered.

The House will resume proceedings on postponed questions at a later time.

NATIONAL CENTERS OF EXCELLENCE IN ADVANCED AND CONTINUOUS PHARMACEUTICAL MANUFACTURING ACT OF 2021

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4369) to amend the 21st Century Cures Act to provide for designation of institutions of higher education that provide research, data, and leadership on continuous manufacturing as National Centers of Excellence in Continuous Pharmaceutical Manufacturing, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4369

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "National Centers of Excellence in Advanced and Continuous Pharmaceutical Manufacturing Act of 2021".
